

Together we fill the skies with music every September 11th

2008 Talking Point
NYC area events

Today marks the 7th Annual September Concert – A Global Day of Music for peace.

Our mission is to fill the skies with music every September 11th.

The goal of September Concerts is to bring people together, to reaffirm a hope for peace, to celebrate life and our universal humanity.

THE SEPTEMBER CONCERT IS A GLOBAL DAY OF MUSIC FOR PEACE.

Our event today (_____NAME, LOCATION, HOST) is one of nearly 100 events being held throughout New York City.

Across the US and internationally we are joined by over a 100 concerts. Music can be heard in cities such as Sarasota, Florida, Oakland, California, Houston, Texas and Omaha, Nebraska. Internationally we are joined by cities such as Casablanca, Tokyo, Rome, London and Bangalore.

IMPORTANT:

If you are able to include the following song in your program, let your audience know it is being performed as the 2008 Anthem of Hope and Peace and encourage them to sing along:

Let it Be by the Beatles.

Together we will fill the skies with music!
